-

The event has been prepared by the International Training Centre of the ILO in partnership with the Association of European Chambers of Commerce and Industry (EUROCHAMBRES) under the framework of the Contract "Raising the awareness of companies about combating gender stereotypes" commissioned by the European Commission, Directorate-General for Employment, Social Affairs and Equal Opportunities.

This document is supported by the European Community Programme for Employment and Social Solidarity (2007-2013). This programme was established to financially support the implementation of the objectives of the European Union in the employment and social affairs area, as set out in the Social Agenda, and thereby contribute to the achievement of the Lisbon Strategy goals in these fields.

The seven-year Programme targets all stakeholders who can help shape the development of appropriate and effective employment and social legislation and policies, across the EU-27, EFTA and EU candidate and pre-candidate countries.

PROGRESS mission is to strengthen the EU contribution in support of Member States' commitments and efforts to create more and better jobs and to build a more cohesive society. To that effect, PROGRESS will be instrumental in:

- (1) providing analysis and policy advice on PROGRESS policy areas;*
- (2) monitoring and reporting on the implementation of EU legislation and policies in PROGRESS policy areas;*
- (3) promoting policy transfer, learning and support among Member States on EU objectives and priorities; and*
- (4) relaying the views of the stakeholders and society at large.*
